7,925

Best Climbing Months

May, June & July

First Climber(s)

Walter Bonatti, Carlo Mauri

Year First Climbed

August 6, 1958

Gasherbrum IV is 7th highest peak in Pakistan and ranking 17th in World. In 1958 the 7,925m peak received its first ascent when an Italian expedition, led by the legendary Riccardo Cassin, managed to get two members on to the summit via the highly inaccessible North East Ridge.

Gasherbrum IV is sometimes referred to as the most beautiful peak in the Karakoram.
